More Americans are hospitalized with digestive diseases than any other condition. That's why it is critical for Gastroenterology physicians to have the support they need to focus on their patients. Matrix GPO understands this and has the solutions your practice needs. Our service offerings are designed to support the long-term viability of the community-based physician, including group practices. Leveraging the purchasing power of over 8,400 members, Matrix GPO offers an extensive range of practice resources as well as access to competitive pricing across a broad portfolio of disease state specialties.

02 | Negotiated Savings and More

Due to the scope of product requirements for each specialty, Matrix GPO has forged a network of pharmaceutical manufacturer relationships to provide contract acquisition pricing for the branded and generic drugs that are essential to your practice. As a member of Matrix GPO, a healthcare provider can access contracted pharmaceutical and bio-pharmaceutical products through the GPO's distributor partner, CuraScript SD.
