#### **01 | The Matrix GPO Difference**

At Matrix GPO, we focus on provider and practice management support while tailoring services and programs to best fit your needs. Matrix GPO works independently or aligned with other national or segment-specific GPOs to afford the overall market value. With provider engagement in mind, we work closely to ensure we communicate updates, news and any valuable information that is beneficial to you.

#### **02 | Brent Bell**

Brent Bell is the Senior Finance Manager for the Matrix GPO team. In his role, he oversees the rebate processing and works on maximizing member value. When asked what his favorite part of his work with Matrix GPO is, Brent responded, "Ensuring that our members have access to competitive pricing for the products they need and maximizing their value from various manufacturer rebate programs."

#### **03 | Comprehensive Support**

Matrix GPO, in partnership with our sole distributor, CuraScript SD, is uniquely designed to support a member's end-to-end needs. This relationship allows for a cohesive transition from member onboarding to desired results. Our contracting mechanism ensures the greatest value, and the strategic sales team provides continuous review and assessment of provider accounts for new opportunities.

The apex of our service model is the Matrix GPO Market Solutions Program, which encompasses four specific points to provide a comprehensive approach.
