Matrix GPO leverages the purchasing power of its collective 6,000+ members to access exclusive savings.

01 | Matrix GPO Member Portfolio

Allergies affect more than 50 million patients each year, so Matrix GPO is structured to address the needs of community-based physicians, including those who specialize in Allergy and Immunological disorders. The services provided through Matrix GPO afford its members a range of practice resources and access to competitive pricing across a broad portfolio of pharmaceuticals.

02 | Negotiated Savings and More

Due to the scope of product requirements for each specialty, Matrix GPO has forged a network of pharmaceutical manufacturer relationships to provide contract acquisition pricing for the branded and generic drugs that are essential to your practice. As a member of Matrix GPO, a healthcare provider can access contracted pharmaceutical and bio-pharmaceutical products through the GPO's distributor partner, CuraScript SD.
