

PROVIDING SUPPLY CHAIN OPTIMIZATION

Did You Know?

Specialty drugs currently represent just under 2% of prescriptions, but nearly 40% of spending in the same channels.

Committed to True Value

Maintaining Optimal Supply Chain Reduces Costs and Maintains Efficiency for Physicians and Their Practice

01 | Supply Chain Optimization

Matrix GPO offers your practice supply chain optimization with discounts on supplies and services by leveraging high-volume purchasing, and providing better pricing for all. By joining Matrix GPO, members can utilize billions of dollars in buying power, while suppliers are able to deliver top pricing on products and services.

02 | Advisory Service

Obtaining a supply chain assessment is simple and easy with Matrix GPO and vendor partners in order to identify critical areas within your practice that can be improved. The following services help keep your practice organized and monitor current needs and processes.

- Price discrepancy resolution to help ensure you are paying the correct price on all your transactions.
- Contract implementation assists in outlining a course of action for your office with custom portfolios.
- Item management oversees a master list of items for your practice to help maintain product flow.

- A streamlined online ordering system service can allow for budget control, integration of patient charges and accounts payable.

03 | Service Providers

Matrix GPO has engaged with a number of organizations and businesses to offer its members a variety of products and programs. These trade relationships are designed to afford Matrix GPO members with access to a diverse portfolio of services providers. Some examples include:
