

PROVIDING SUPPORT FOR WOMEN'S HEALTH PRACTICES

Did You Know?

Approximately 3 million women aged 15-44 in the U.S. use long-acting reversible contraception (IUD or contraceptive implant)

Committed to True Value

Matrix GPO is a Group Purchasing Organization for Community-Based Physicians

01 | Matrix GPO Member Portfolio

Due to the complexity of women's health practice, which includes everything from family planning to oncology, practice efficiency is critical. Matrix GPO understands this and was designed with the intentional goal of supporting the long-term viability of the community-based physician, including those specializing in women's health. The services provided through Matrix GPO afford its members a range of practice resources and access to competitive pricing across a broad portfolio of specialty pharmaceuticals.

02 | Negotiated Savings and More

Due to the scope of product requirements for each specialty, Matrix GPO has forged a network of pharmaceutical manufacturer relationships to provide contract acquisition pricing for the branded and generic drugs that are essential to your practice. As a member of Matrix GPO, a healthcare provider can access contracted pharmaceutical and bio-pharmaceutical products through the GPO's distributor partner, CuraScript SD. This provides great value to women's health physicians, who need access to a wide scale of products, services and medical supplies.

From a financial perspective, Matrix GPO assists today's healthcare providers through:

- Extensive Pharmaceutical/Biopharmaceutical Contract Access
- Drug Purchasing & Supply Chain Monitoring
- Inventory Control & Management Solutions
- Customized Reporting Tools
- Practice Management Solutions

Matrix GPO is also uniquely positioned to partner with other national GPOs. When desired, Matrix GPO can supplement the existing product portfolio of a national GPO and strengthen overall product offering for their membership.

03 | Service Providers

Matrix GPO has engaged with a number of organizations and businesses to offer its members a variety of products and programs. These trade relationships are designed to afford Matrix GPO members with access to a diverse portfolio of services providers. Some examples include:

- Med-Surg Supplies
- Web & Video Conferencing Solutions
- Telemedicine
- Insurance Products & Risk Consulting
- Inventory Management
- Marketing Services
- Regulatory and Educational Services
- HR and Supply Chain Solutions
- Customized Data, Reporting and Analytics
- Distribution
- Two-way Text Messaging
- Patient Engagement & Office Automation
