

OFFERING MEDICAL SUPPLY SOLUTIONS FOR YOUR PRACTICE

Did You Know?

Matrix GPO provides members access to over 350,000 medical devices and supplies

Committed to True Value

Our Medical Supplies Service Solution operates 42 strategically placed distribution centers

01 | Structured to Your Unique Needs

In today's healthcare landscape, business is anything but the status quo. Physician practices are expected to deliver excellent patient outcomes and the highest level of care – while at the same time reducing costs. As a provider-focused GPO, Matrix GPO understands this and works to provide tailored solutions for community-based physicians.

02 | Medical Devices & Supplies Solution

Matrix GPO members have access to a portfolio of over 350,000 medical devices and supplies at a value. Our medical supplies solution meets the challenges of your physician practice, with 42 strategically placed distribution centers in the United States, allowing for next-day delivery requirements. Our medical supplies service provider has over 100 years of experience serving the healthcare industry, offering personalized solutions to match the unique needs of each provider.

03 | Top Medical Supplies

Our medical device and supplies service provider offers everything from general med/surg supplies, such as bandages and gauze, to capital equipment and more.
